

TRACTORS MOVE HEAVY TRUCKS

Two Regiments of Infantry Start Long Hike Back to Quantico.

HEAVY EQUIPMENT MIRED

Day Spent in Moving Artillery And Large Trucks From Mud Covered Camp.

Early this morning the Fourth Brigade, United States Marines, said good-bye to the big camp which they have occupied here for the past ten days, southwest of town, and started on the long hike back to their barracks at Quantico, Virginia. The sea of mud and water which covered the camp site, has been changed by the hot rays of the sun to a thick, sticky mass which made it difficult to move the heavy trucks, trailers and artillery from the camp to the hard roadbed of West Confederate avenue. Movement of the heavy machines continued throughout the morning, and would have been impossible of accomplishment, had it not been for the tractors, which draw the artillery.

These powerful engines were employed in moving the heavy trucks and trailers, which sank to the axle in the mud and were unable to move under their own power. Sometimes as many as two tractors were employed to pull the large vehicles when they had become mired.

Glad To Leave Mud

Promptly at 7 o'clock, with bands playing march music, the Fifth and Sixth Regiments of Infantry moved out of the camp toward Thurmont, Maryland, where they will encamp tonight. With their equipment loaded in the pneumatic tired carriages each drawn by two sea soldiers, they hiked down West Confederate avenue at a lively pace, glad to leave the mud and dirt which had taken all the joy out of life for many of them during the past few days, making their tents unfit for occupancy.

The truck trains left the camp an hour later and followed the infantry. Included in this outfit were the tanks and part of the engineers' outfit, leaving behind, the big anti-aircraft guns, Tenth Regiment Field Artillery, some Signal Corps units, and one company of Engineers. These units set to work immediately cleaning up the camp. Fires were started in all sections of the camp site, where the refuse left behind, was burned. Thick smoke enveloped that section of the battlefield.

Brigadier General Smedley D. Butler and some of his staff officers stayed here until 11 o'clock this morning to wind up the affairs of the camp, before leaving by automobile to join the main contingent. The artillery and trailers were drawn, by means of the tractors, out on West Confederate avenue and parked along that road some distance out from the camp, where the day will be spent in cleaning up the equipment, much of which is so covered with mud that it is hardly recognizable. After the mud and dirt is washed off the metal parts, they are covered with grease to prevent corrosion. (Continued on Second Page)

WILL NOT FIGHT REMOVALS

Directors of Poor Will Abide by Order Of Welfare Bureau.

At the regular monthly meeting of the Directors of the Poor of Adams county, Wednesday, announcement was made that inmates of the mental wards at the local county home would be removed to state hospitals and institutions on or before July 31. About 22 inmates will be affected by the order.

The local directors have taken their appeal to Dr. J. M. Baldy, head of the Public Welfare bureau, Harrisburg, on several occasions for securing permission to allow them to keep the custody of the insane of this county. After Wednesday's meeting, it was announced by one of the directors that no legal steps will be taken to prevent the state's action.

MORE MONEY FOR COUNTY SCHOOLS

Apportionment Due Adams County Almost Doubled Over 1921 Appropriation.

BENEFITS RURAL SCHOOLS

Edmonds' Salary Act Increases Adams County's School Appropriation From \$49,238 to \$81,842.

Under the provisions of the Edmonds' Salary act, passed by the last state legislature, and which became effective February 1, 1922, school districts in Adams county will receive double appropriations over those of 1921.

School districts in this county will receive from the state under the provisions of the act until February 1, 1923, \$81,842, according to figures given out by the Department of Public Instruction at Harrisburg. The amount received by the various school boards during 1921 was \$49,238, according to figures issued by the department, while the year before Adams county received \$46,737.

Of the amounts due February 1, 1922, the department has paid to 1800 school districts throughout the state up to the present time. The appropriations under the Edmonds act which were paid on February 1, last, have gone exclusively to county and township school districts.

The Gettysburg School board as yet has not received its February appropriation, the exact amount of which is not known under the new law. It is expected to be a substantial increase over that received last year before the passage of the Edmonds act.

Several Were Paid. The adjacent school districts of Cumberland and Straban townships, however, have received their quotas from the state as of February 1, 1922. Other school districts in the county have also received their quotas, it is said. In the two districts mentioned, the 1922 appropriation has exceeded that of 1921.

All school districts throughout the state will receive increased appropriations under the new act, which carries with it an appropriation of \$30,000,000 for the support of public schools. Of this amount more than half, \$16,000,000, goes to fourth class or rural school districts.

Benefits Rural Schools. The new appropriation is based upon the principle of greater equality of educational advantages for rural districts where population and resources are scant, and it is said to work out in a striking manner in some counties.

It is calculated that the new legislation will have to appropriate over \$2,600,000 to meet the difference between what was estimated by the department and what was actually allowed.

SWEET CORN AT MARKET

Other Fruits and Berries Maintain Tuesday's Prices.

Early sweet corn, suitable for roasting ears, made its appearance on the curb market this morning, selling at 30 cents a dozen ears. The ears of corn were small, but the hucksters guaranteed their quality.

Berries, however, dominated the local market, prices of blackberries and raspberries remaining firm since Tuesday's market at 15 and 20 cents. New potatoes were selling from 50 to 60 cents a peck. One huckster offered cling stone peaches at 10 and 15 cents a box, according to the size of the fruit.

String beans brought 25 cents a peck and green peas of ordinary varieties sold for 60 cents a peck. Sugar peas brought 65 cents. Transparent apples were plentiful at 15 cents a quarter of a peck. There were a few huckleberries at 25 cents a basket. Spring chickens brought 40 cents a pound.

THOUSANDS AT RACES

The attendance at the York Springs matinee races July 4, was estimated at 3,300 persons, which was considered remarkable because of the inclement weather which marred the event. The track was slow, but the races held the attention of most of the spectators. The next matinee races will be held on Labor Day, it was announced by those in charge.

PAVING HANOVER STREET DELAYED

Council Transacts Routine Business With Only a Quorum Present.

Because there were only five members of the borough council present at a regular meeting of that body, Wednesday evening, President C. B. Dougherty, after calling the gathering to order, instructed the quorum to transact routine business and let the matter of paving rest until an adjourned meeting called for next Monday evening at 8 o'clock.

Andrew Utz appeared before the council, asking that a curb and water table be established on East Middle street extended. Mr. Utz also requested that a sidewalk be constructed and grass removed from the pavements already there. The complaints were turned over to the highway committee and were referred to the street commissioner, who said work would be started today on the construction of a water table and curb to secure proper drainage for this street.

Council also voted to pay policemen added to the regular force to handle traffic over Memorial Day and the Fourth of July at the rate of 40 cents per hour.

An informal discussion of the paving situation was held when it was declared by a member of the highway committee, that only one resident in the first block on Hanover street had refused to sign the promissory note assessing himself for his share of the paving along that street. This, it was said, will delay paving operations here, because an ordinance must now be advertised and passed in regular course.

Residents of the first block on Washington street, from the Philadelphia and Reading railroad, it was stated, had signed for their respective assessments, making the passing of an ordinance unnecessary. Until next Monday, Members of the highway committee expect to have the signed consent of all residents in the second block on Washington street, from Chambersburg street to West Middle. Members of the council present at the meeting Wednesday evening were: President C. B. Dougherty, Charles Toot, Jesse Snyder, R. P. Funkhouser and Frank Althoff.

REMAIN TO INVESTIGATE

Other State Policemen Returned to Respective Barracks.

Except several men who were left here for special investigation purposes, the State Policemen who gave police protection to Gettysburg and helped keep traffic moving during the Marine encampment, under command of Lieutenant W. E. Rucker, left here this morning for their respective barracks.

During the busiest times of the past ten days, thirty State troopers were stationed here. Of these, five were members of the B troop; 14 of C troop, and seven were recruits from the training school at Newville. They were under command of four officers, headed by Lieutenant Rucker.

MADE GET DOG LICENSES

Seven Dog Owners Of This County Paid Fine and Costs First.

Robert Caldwell, Baltimore street, state inspector for the bureau of agriculture, last Monday arrested seven dog owners in Huntingdon and Tyrone townships, because their animals were running loose without the necessary county licenses. Each man paid his fine and costs, amounting to about \$9.00, after which they applied for the dog licenses at the court house here.

MORE FOLLOWERS JAILED

Late Wednesday afternoon, the local offices of the State Police announced that they had arrested Edna Kennedy, of Wheeling, West Virginia, and Grace Loudon, of Washington, for soliciting among soldiers Wednesday morning. They were placed in jail with other women arrested on the same charge. Blood tests will be taken before the women are released, the troopers announced.

REMOVE DECORATIONS

The York firm which decorated Center Square here for the ten-day encampment of the United States Marines, this morning started to remove the bunting, flags and streamers they had placed two weeks ago. The Square was decorated at the expense of the Chamber of Commerce.

FIREMEN PLAN DOUBLE EVENT

Adams County Association to Hold Convention And Picnic on Labor Day.

COMMITTEES FUNCTIONING

Convention to be Held at McSherrytown During Forenoon And Picnic in Park Nearby During Afternoon.

Committees appointed Monday to complete arrangement for the Labor Day convention and picnic of the Adams County Firemen's association, have started functioning, according to those in charge. The committees were appointed by President James B. Aumen, Gettysburg, at the regular quarterly meeting of the association held at Fairfield. There were 127 members present at the meeting, representing every fire fighting company in this county.

The county convention will be held during the forenoon, Labor Day, in Cigarmakers' Hall, McSherrytown, and the picnic will follow in the afternoon at Witmer's park, near McSherrytown.

The following committee was appointed to make all necessary arrangements for the convention, a feature of which is to be a parade: James P. Strausbaugh, McSherrytown, chairman; C. A. Young, McSherrytown; Dr. Eugene Elgin, East Berlin; Charles Pfeffer, Littlestown; Oscar Lupp, Gettysburg; Roy E. Smith, Mount Rock; M. F. Stoner, Fairfield; John W. Deardorff and D. A. Heiges, Biglerville; and W. L. Bumgardner, Benderville.

The President appointed the following committee to complete arrangements for the picnic which follows the convention: (Continued on Fifth Page)

MISS CHRISMER WEDS SURGEON

Ceremony Performed in Bonneauville Church. Wedding Trip to Europe.

Miss Bernadine Chrismer, daughter of Mrs. W. J. Chrismer, of Bonneauville, was married to Dr. Frank Marino, of Baltimore, Tuesday morning at 6 o'clock at a nuptial mass in St. Joseph's Church, Bonneauville. Father Roger Smith, of Brooklyn, New York, a cousin of the bride, assisted by Father M. Scanlon, conducted the mass.

Mr. and Mrs. Marino were attended by Charles and Mary Chrismer, brother and sister of the bride. Only members of the family were present.

Dr. Marino was formerly superintendent of St. Joseph's Hospital in Baltimore. He resigned his position a month ago and is now a practicing surgeon in Baltimore.

Miss Chrismer is a graduate nurse of the same hospital and has been one of the staff of nurses there for a number of years.

Mr. and Mrs. Marino have gone to Atlantic City for a short visit, after which they will sail from New York City on Saturday to visit Italy and the principal cities of Europe. On their return they will reside in Baltimore.

BUSHMAN—DULL

Charles F. Bushman, of Fairfield, and Miss Anna M. Dull, of Mont Alto, were married Sunday, July 2, noon, at the home of and by the Rev. Welty Smith. After a reception and dinner the couple left for a trip to Harrisburg and other points of interest.

Upon their return they will reside until fall with the bride's parents. They will then build a home near Mont Alto.

FORMER STUDENT WEDS

John R. Elscheid, Jr., of Harrisburg, former student at college here, was married last Saturday to Miss Mary Frances Getz, of Steelton, in the St. John's Roman Catholic Church, of Steelton. Mr. Elscheid was a member of the varsity football team while here and was widely known as a musician.

ASK BETTER ROAD INTO DICK'S DAM

Cottagers Form Welfare Organization. To Get Improved Highway.

Efforts are being made by the newly-formed Dicks' Dam Welfare Association to have the road leading from the Conewago creek to the State highway improved. This organization was formed Tuesday at the Cafe Dicks and officers were elected as follows:

President, A. D. Swartz, Spring Grove; secretary, T. F. Chrostwaite, Hanover; treasurer, R. L. Ehrehart. The object of the organization, it was said, was to promote the general welfare of the cottage owners and others interested in land about Dicks' Dam in the Conewago, especially the procuring of good roads. The State Highway Department will be asked to assist in improving the road leading into the dam section.

It was voted that the following preamble be adopted as a basis upon which membership is founded: "We, the undersigned property owners and others interested in the general welfare at the Dicks' dam section of Adams county hereby agree to associate ourselves under the name of the Dicks' Dam Welfare Association for the purpose of obtaining good roads and for any other matters of mutual benefit."

MORE MEN BACK AT WORK

Strike Situation Reported Improved in Baltimore.

(By Associated Press) Baltimore, July 6.—Reports received from the principal stations along the Baltimore and Ohio system for July 5 indicated an improvement in the strike situation, vice-president Galloway stated today.

"With new men hired and old employees returning 30 per cent of the positions were filled yesterday, against 27 per cent on Saturday and such stations as have reported for the first shift today indicated further improvement through the employing of new men," he said.

"At the Mount Claire shops, Baltimore, actual count shows about 1600 men working," Mr. Galloway declared, "which is equal to 75 per cent of the normal first shift force; 38 new men were hired and 175 old men, who had been on strike returned to work this morning." He reported everything quiet over the system.

FORTRESS WAS BURNED

Twenty Buildings Held By Irish Insurgents Destroyed.

(By Associated Press) Dublin, July 6.—Twenty buildings in O'Connell street, Dublin's main thoroughfare, were destroyed by fire after the surrender of the insurgents, who had turned the buildings into fortresses in their resistance to provisional Free State troops.

The fires, which raged throughout the night, were not completely extinguished today. Only smoldering ruins remain where the insurgents made their last stand. It is the belief that the damage will reach several thousand pounds. Four snipers were shot dead during the night.

WILLARD MAY MEET DEMPSEY

Archer Says Bout Seems to be Virtually Assured.

(By Associated Press) Wichita, Kan., July 6.—A bout between Jack Dempsey, world's heavyweight pugilistic champion, and Jess Willard, former champion, is virtually assured before October 1, Ray Archer, Willard's manager announced today, after conference here last night between Jack Kerns, Dempsey's manager, and Mike Flourney, representative of Tex Rickard, New York promoter.

MARINES START RETURN TRIP

Sun Breaks Through Clouds in Time to Dry Equipment Before March is Resumed.

RECEPTION AT FREDERICK

Maryland Day to be Observed in That City. Governor Ritchie Will Greet Marines.

After being encamped on the historic field of Gettysburg for the past ten days, the Fourth Brigade of United States Marines broke camp today and started on the return hike to their barracks at Quantico, Virginia. The sun came out bright Wednesday morning and the men in the large camp set to work immediately cleaning up and drying out the equipment, which had been soaked in the recent heavy rains. The men spent the afternoon in washing their soiled uniforms and packing their personal belongings for an early start in the morning.

Tonight the Marines will encamp at "Straw" Day's field near Thurmont, Maryland, and by the next evening they will reach Frederick where they will spend all of the next day and night before continuing the journey. Saturday will be known as "Maryland Day," in Frederick, when all business will be suspended and the Marines, who will be encamped on the Fair Grounds there, will parade through the town and stage a review for Governor Albert S. Ritchie, of Maryland, who will be there to welcome them to Maryland soil.

Arrangements have been made by Colonel Markey, of the Maryland National Guard, who visited the Marines at Camp Harding on Tuesday, for their reception when they arrive in the Maryland city. In addition to the parade and review to be held there, it is planned to give the Marines a public reception, to which people from all sections of that State have been invited and a large crowd is expected.

Same Route Back

The march will be continued on Sunday when the Marines will reach Ridgeville, where they will be encamped that night and on Monday night they will be encamped at Seneca Run near Gaithersburg. The following day the large body of troops will enter Washington and again encamp on East Potomac Park. The next day, the infantry regiments will be taken on barges into Quantico, while the trucks continue by road to the large barracks, which has almost been deserted since they left nearly a month ago. The large body of these troops will remain in these barracks while many of the officers will again be stationed at various points throughout the country in the regular line of their duties.

Last year the Marines held their annual manoeuvres at the Wilderness, where they re-enacted battles of the Civil War. Already the officers in (Continued on Third Page)

SOME DISORDERS REPORTED

Shopmen At Slater, Missouri, Delay Travel Of Trains.

(By Associated Press) Chicago, July 6.—Disorders have begun to crop out among the strikers at the Chicago and Ogden shops at Slater, Missouri, and imported men were being intimidated at various points. A few of the short run trains, it was announced, could not be run as scheduled and coal shipments from Pennsylvania were being delayed as well as other trains over that section. There has been apparently no addition made to the strikers' ranks, while several roads have reported the condition gaining and many of them announced that the strikers must return to work by next Monday or forfeit their rights.

ISSUE CALL TO ARMS

Provisional Irish Government Calls Soldiers To Colors.

(By Associated Press) Dublin, July 6.—A call to arms was issued today by the Provisional Free State government in the form of a proclamation opening the way for the enlistment of those citizens who last week were "declined by the government because it was confident of the ability of the army single-handed to meet and defeat any attacks made upon it."

SUBWAY TRAIN ON FIRE; 150 HURT

Passengers Overcome by Smoke. Fuse Blown Out Causes Blaze.

MANY WOMEN OVERCOME

Injured Laid on Stretchers Along Street. Ambulances And Doctors Hasten to Scene of Fire.

(By Associated Press) New York, July 6.—About 150 persons were overcome by smoke today when a northbound Jerome express train on the East Side subway, caught fire, near Lexington avenue and 61st street. Dozens of ambulances were summoned from nearly every hospital in the city and Mayor Hylan arrived on the scene to direct the rescue work.

The accident started in the motor-man's box after a fuse had blown out. There was a flash of flame and dense smoke swept through the crowded train. When the emergency brakes were applied and the train came to a grinding halt, guards threw open the doors and passengers made a mad scramble to escape. Those unable to walk were carried from the cars to the 59th street station.

Fire ladders were also dropped through iron gratings in the sidewalk at 61st street, and unconscious women were lifted to the street.

The injured were stretched out on the sidewalk for several blocks. A temporary hospital was organized and 14 pulmotors were put in operation. The crowd of spectators soon became so dense police reserves had to be rushed to the scene.

Men, women and children filled the ten-car train. Guards attempted to fight the flames with hand extinguishers but failed. When the firemen arrived, however, they soon succeeded in quelling the blaze, which in itself was small. Many of the firemen were overcome.

Relief work soon got under way. Besides the doctors who hastened to the scene in ambulances, many other physicians jumped into taxicabs bringing their office nurses with them.

About an hour later a check of the injured failed to reveal any dead although 2 men and a woman were taken to hospitals in a critical condition. Catholic priests performed valiant rescue work.

STOCK REPORT

Cotton Carriers Lead Advance In Rails.

(By Associated Press) New York, July 6.—Cotton carriers led the more general advance of rails in the stock market during the morning. Atlantic Coast Line gained 4½ points and Louisville and Nashville showed a 4 point advance. Gains of 1 to 2½ points marked the demand for coals. Further pronounced strength of domestic oils was offset by renewed weakness of Mexicans. Coppers, independent steels and gas shares were firm to strong. Call money opened at 4½ per cent.

The closing was strong. Sales approximated 750,000 shares.

WANT JOBS BACK AGAIN

Clerks and Freight Handlers Out One Day, Wish to Return.

(By Associated Press) Columbus, July 6.—Clerks and freight handlers of the Norfolk and Western railroad, who went on strike yesterday, have requested that company to take them back at their old scale of wages, officials of the company announced this morning. The company's attitude with reference to the return of the men has not been established and a conference is scheduled for this afternoon at which some decision will be made.

WILL LOSE SENIORITY

(By Associated Press) Chicago, Ill., July 6.—Several of the railroads entering Chicago, today reported that a number of the men were still out on strike. Officials of a number of the railroads announced that after July 10 the men who did not return to their work would lose seniority right and would be taken back only as new employees.

STRIKE CHIEF WILL MEET BOARD

Hope For Peace Given in Change of Attitude by Jewell.

READY TO NEGOTIATE

Hooper's Statement is Optimistic. Will Consider Any Authorized Proposal by Railroad Labor Board.

Chicago, July 6.—Hope for the speedy settlement of the countrywide strike of the railway shopmen was seen last night in statements issued by Ben W. Hooper, chairman of the United States Railroad Labor Board, and B. M. Jewell, leader of the shop crafts, who ordered the walkout.

In a reply to a letter from Mr. Hooper, who was regarded as conciliatory, Mr. Jewell declared that the strikers were willing to "consider any negotiations with anyone in authority for settlement of the strike."

"We are willing to confer with anybody authorized by the railroads to bring peace proposals to us," said Mrs. Jewell. "I include or exclude nobody, but if the Labor Board, for instance, came to us with a definite proposition we would not hesitate to consider it."

Reveals Strike Vote Figures.

Mr. Jewell made public the exact figures of the strike vote taken by the 400,000 members of the six shop crafts. The vote was divided into three separate ballots, the first on accepting a \$50,000,000 reduction in wages ordered by the Labor Board, the restoration of seven working rules altered by the board and, third, the abolishment of outside contracting by the roads.

The tabulation showed only 94.7 per cent. of the men had voted to strike on the question of wages, the heaviest vote for a strike being on the question of outside contract labor, which polled 97.1 per cent. of the vote cast. The ballot on rules came second, with 96.2 for strike. Union leaders said that the vote displayed the relative importance attached to the three points at issue by their membership.

Chief Issue Removed, Say Roads.

In railroad circles it was declared that the way already had been cleared for a full settlement on the gravest issue—that of contract work—by the agreement of 12 roads to abolish outside contracting at the Labor Board meeting last Friday, when Mr. Jewell ignored an order to appear and explain his strike order.

The first explanation of the incident was made by Mr. Jewell tonight when he said that to have appeared before the Labor Board Friday "would have resulted in a moblike suspension of work by the shopmen and possible bloodshed." He said that the strike order already having gone out and a suspension of work Saturday morning at 10 A. M. having been sanctioned by locals in all parts of the country, to have made an eleventh-hour attempt to avert a walkout would have resulted only in chaos.

The infantry, on the march, travels at the rate of about three miles an hour, while the artillery, drawn by the heavy tractors, make between 5½ and 6 miles an hour.

Local contractor A. B. Plank, who laid all the water and sewer lines in the camp, set to work with a large force of men, tearing up the three miles of water pipes and 1,000 feet of terra cotta sewer pipe which were laid for the convenience of the Marines while here.

DRY OFFICIALS SUED FOR \$10,000

Men Charged With Assault as Result of Stopping Automobile.

Washington, July 6.—Linton Evans and Ralph E. Ruby, Federal prohibition enforcement officers, yesterday were served with warrants charging them with assault and ordering them to appear in the United States branch of the police court today, complaints were filed by Mrs. Lulu D. King, her daughter, Ruth E. King, and her son, Arthur S. King, all of Fort Myer Heights, Va.

Counsel for the complainants also instituted suits for \$10,000 damages against each of the officers Mrs. King and her two children charge that Evans and Ruby assaulted them with a pistol after the officers had trailed an automobile carrying the King party for a distance of several miles. The Kings assert they had been visiting a friend's home in Prince George's county, and were on their way home when they were sighted by the prohibition agents. The latter, it is claimed, trailed the Kings for ten miles, when the car occupied by the officers blocked the road.

The agents are said to have climbed to the running board of the pursued car, Evans drawing a pistol and ordering Arthur King, who was driving to proceed to a Washington police station.

The petition points out that the "plaintiffs suffered great physical pain and mental anguish and humiliation and disgrace and also suffered great mortification in the presence of a great many people. The assault was willful, deliberate and malicious."

INCREASE WAGES AT HAGERSTOWN

Will Bring Scale to Level Ordered by Rail Labor Board.

Hagerstown, Md., July 6.—An increase in wages which will bring the scale approximately on a level with those ordered by the United States Railroad Labor Board effective July 1, was yesterday announced by the Dickinson Construction and Repair Company, which took over the shops of the Western Maryland Railroad here and at other points along the system March 20. The taking over of the shops by the Dickinson Company was followed by a strike of shopmen five days later. The wage increases went into effect today.

The increases are given in "recognition of the ability and honest efforts of the employees of the company," the concern stated in announcing the increases.

Under the new scale mechanics will receive 70 cents an hour. This includes boiler makers, blacksmiths, electricians, pipefitters and machinists. The wage that was paid these men had been 60 cents an hour. Mechanics' helpers will receive 47 cents an hour. They had received 37 cents. Laborers will receive 35 cents an hour. Car men will get 60, having receive 48. Apprentices will receive 40 cents. They had received 20. The new wages are almost the same as those ordered by the Labor Board.

Workers at the local shops, though not as fully skilled as the old men in some respects, are said to be very capable.

LOCHINVAR WINS BRIDE AGAIN

Arizona Cowboy Married Second Time to Young Baltimore Girl.

STERN PARENTS YIELD

First Ceremony Was Annulled, But Ranchman Persisted And Wedding Was The Outcome.

Baltimore, July 6.—The popular opinion that the daredevil broncho-busters of the plains, who romantically ride into town on a cayuse, lift the feminine object of their affections into the saddle and gallop to the home of the nearest parson are all figments of moving picture imagination has been knocked into a cocked hat, for Joseph P. ("Cheyenne") Kiser, the Arizona rodeo king, yesterday, for the second time, married Miss Irene Albrecht, 17-year-old daughter of Harry G. Albrecht, No. 1946 W. Fayette street.

Miss Albrecht first saw "Cheyenne" when she was touring with the Elks in the West during the summer of 1921. She was introduced to him on November 11 last, during an Armistice Day celebration at the Elks' Club in this city. And it was there that Joe "fell for the gal," as he said. He went back to Prescott, Ariz., after the dance and on Thanksgiving Day returned to Baltimore, went to Mount DeSales Academy at Catonsville, where Miss Albrecht was a student, and, as she left the institution on her way to spend the holidays with her parents, the Westerner dashed up in a car, whisked her inside and in a few hours they were married.

The bride's parents were informed of the wedding, the "unwedded bride" was immediately taken home and the cowboy went back to Arizona. On March 4 an annulment of the marriage was granted and no more was heard from "Cheyenne" until he blew into town on June 27 with the avowed intention of reclaiming the youthful bride who had divorced him. But her parents said "no." Joe said "yes." The girl said she loved him. After a conference the family evidently decided they had had enough of "Cheyenne's" strong-arm methods of courtship. The Westerner was given the parental blessing and told he could have the girl.

The second ceremony was performed today by Rev. C. P. Holdcraft, of the United Brethren Church.

HARD ON JURORS

Court Rules They May Not Taste Liquid Evidence.

Tallahassee, Fla., July 6.—Jurors sitting in liquor cases in Florida in future are expected to sidestep invitations to taste the liquid evidence, for the State Supreme Court opines that such a practice may be a violation of the Volstead Act.

The Court's opinion was expressed in a lengthy decision quashing the judgment of a County Court and affirmation by the Circuit Court, because the defendant was convicted on evidence obtained without a search warrant. When the defendant was on trial in the County Court members of the jury were permitted to sip the evidence. In discussing this phase, after severely criticizing the obtaining of evidence in an "illegal" manner, the decision said:

"Even where all the jurors drink of the liquor, this is a very questionable proceeding and may be a violation of the Volstead Act."

TRIBUTE TO LEGION

Harding Reminds Men of Great Responsibility.

Marion, Ohio, July 6.—So long as the American Legion is consecrated to the preservation of the constitution and of law and order, the American republic is everlastingly secure, President Harding asserted in a brief address yesterday to several thousand World War veterans who held a reunion here.

Reminding them that they were now charged with a greater responsibility than they were on the battle fields of France, Mr. Harding declared the destiny of the United States was in the hands of former service men.

"I have no hesitancy in saying," he added, "that it is in good hands." The President urged the men in his audience, all of whom earlier in the afternoon had participated in a historical parade which he reviewed, to serve their country as civilians with war-time consecration and devotion.

HARDING PLAIN CITIZEN AGAIN

Spends Day With Family And Intimate Friends in Marion.

Marion, Ohio, July 6.—President Harding was just a plain citizen yesterday in his own home town. Relieved from the burdens of his office he spent the day chatting with members of his family, some of his intimate friends and the boys at the Marion Star office. Tuesday he addressed a huge crowd of home folks at the fair grounds but yesterday his only scheduled appearance in public was to review a historical parade, staged in Marion's centennial celebration. This was the President's first visit home since he left here on March 2, a year ago, for the White House and he seemed to be keenly enjoying the role of a "plain Marionite" again. Disillusioned by the high honors that have come to him Mr. Harding told his audience at the fair grounds Tuesday that he would welcome the day when he could come back to stay permanently.

"Some of you may think it's a fine thing to be President," he added. "Keep on thinking it—you'll find the situation very different when you wake up."

The President also expressed regret that he could not greet every one of his old-time friends personally. Repeatedly as he stopped to grasp the hand of a crony of pre-White House days the President remarked that it was "great to be back."

While in Marion the President is a guest at the home of his father, Dr. G. T. Harding.

As in former days, he walked down to the Marion Star office. Except for the presence of small detail of secret service men following close behind one would think that he was again on his way to do a day's work as editor of a newspaper.

HELD UP IN STREET CAR

Armed Bandits Disarm Policeman and Rob Bank Messenger.

St. Louis, July 6.—Bandits yesterday boarded a Tower Grove street car, disarmed a policeman, who was accompanying Joseph Mossop, messenger for the Tower Grove Bank, and escaped with a satchel containing \$21,200 in currency and more than \$78,000 in checks the messenger was conveying to a downtown bank. Witnesses said there were seven armed bandits.

MARINES START RETURN TRIP

(Continued from First Page)

The Fourth Brigade have been discussing the work for next year and the place most favored at the present time is Manassas, Virginia, which is only twenty-five miles from Quantico, and there, it has been pointed out, is located another famous battle ground of Civil War days.

Pleased With Work

Brigadier-General Smedley D. Butler and officers of the Fourth Brigade are well pleased with the success of the camp here, in spite of the inclement weather conditions, which have existed throughout their stay. The historic interest and value from an educational point of view, they have remarked, is of inestimable value to the men in the ranks as well as to the officers, who have had the problems to solve with during their visit here.

The Marines were heartily received in every town through which they passed enroute to Gettysburg and have received invitations from all of them to make stops of a day or more on the return journey, but it has been decided that the only stop would be made in Frederick, where the gathering will take the shape of a state-wide affair. During their encampment here, invitations have been received by the Marines from all parts of the country to stage their manoeuvres in those places next year. However, General Butler, being a student of history, intends to continue the research work on battlefields of the Civil War, where operations, which actually took place may be studied and the problems for manoeuvres can be taken from these historic battles.

Many Want to Join

Since the Marines have been enact-

ing manoeuvres on the battlefield here, there have been many requests received for admittance to the Marine Corps, which now numbers slightly above 19,000 men. It is planned to increase the personnel to 20,000. A rigid mental and physical examination is required for entrance into this body of enlisted men.

It was stated at camp, the airplanes would fly directly to the Quantico camp from here. Some of them left Wednesday afternoon while the remainder left this morning. However, they will keep up the daily mail service from the Quantico barracks to the Marines, while they are on the march. There will be no manoeuvres on the return trip, as were made while the contingent was advancing to Gettysburg, following the route taken by many of the troops coming here at the time of the battle.

Although the sanitary conditions in Camp Harding were far from what was desired, owing to the heavy rains, there were but few of the men taken ill. No cases of pneumonia were reported by the camp hospital authorities, during the ten days. This is considered a good record for such a large body of men, especially as the camp was flooded with water on many occasions.

CONVICT UTAH JUDGE

Jury Finds Him Guilty Of Killing Wife For Insurance.

Salt Lake City, Utah, July 6—Omer R. Woods, a former Probate Judge in Idaho, was convicted by a jury early Tuesday for the murder of his wife, Mary Etta Woods, who was burned to death in bed January 9. The prosecution contended that Woods killed his wife to collect \$16,000 life insurance and said she was slain by burglars.

The jury verdict was murder in the first degree, for which there is but one penalty in Utah—death.

Woods on July 11 will be asked to state by which method he shall die, hanging or shooting.

PREDICT LARGE YIELD OF WHEAT

Pennsylvania 44 Shows Good Results, State College Expert Says.

State College, Pa., July 6.—The wheat yield on 10,000 acres in Pennsylvania is expected to show increase of 50,000 bushels this summer as the direct result of the wheat seed "Pennsylvania 44" developed at the Pennsylvania State College a few years ago. Announcement was made at the college today by Professor C. F. Noll, of the School of Agriculture, that this number of acres of the new variety of wheat are now being harvested, and that the average increased yield over standard varieties of wheat will be five bushels an acre.

If the more than a million acres of soil that are sown with wheat in this state were sown entirely with Pennsylvania 44, it is estimated that the increase in value of the state's wheat crop would exceed \$5,000,000.

Pennsylvania 44 is a selection of Fulcaster originating from a single head selected on one of the college farms in 1909. It came as the result of over 1200 selections made under the direction of Professor Noll. In 1918 the college distributed 14 bushels of seed of this type; in 1919, 40 bushels; and in 1920, 671 bushels. In the fall of 1921, 2,500 bushels of college Pennsylvania 44 seed were sown, and it is this crop that is now being harvested.

SOUGHT TO SAVE HIS CORN

Farmer Who Harrowed On Sunday Arrested On Neighbor's Complaint.

Georgetown, Del., July 6—Because he went into his fields with his team and harrowed his corn on a Sunday, Howard Street, a prominent Indian River farmer, was sentenced to 24 hours in the county jail by Magistrate Ryon, of Georgetown. Street took his sentence, but declares he will institute suit for false arrest and test the old blue law which was invoked to punish him.

Street declares that it looked like rain, and he knew if he did not harrow the corn at once he would not be able to do so Monday. To save his crop he went to work Sunday morning. The warrant was sworn out by a neighbor, Isaac Harmon.

POSSE PURSUES SLAYER

Illinois Mexican Kills Sister-in-Law and Severely Injures Wife.

Hillsboro, Ill., July 6—A sheriff's posse yesterday was searching for Andy Ruiz, a Mexican laborer, who Tuesday shot and killed his sister-in-law, Mrs. Gomatilla Hazvera, and seriously injured his wife, from whom he was separated. Ruiz left a note which, translated in part, read:

"I will shoot this woman because all women are bad and all men are good." After shooting the sister-in-law, Ruiz turned the weapon on his wife, but when it failed him he beat her unconscious with it. The killing occurred at Taylor Springs, near here.

RESORT TO CONFERENCES

(By Associated Press)

Washington, July 6—Belief that the shopmen's strike could be speedily settled through direct conferences between union leaders and railway executives, was expressed today by W. H. Johnston, president of the International Association of Machinists, whose members, employed on railroads, are among those who walked out last Saturday.

TO FIGHT PEACH YELLOWS

In an effort to halt the progress of peach yellows in this section, E. F. Peirce, of the State Bureau of Plant Industry, has been assigned to York and Adams counties, where the disease has appeared. This is the second campaign of the state against peach yellows in as many years.

The plan is to mark the trees for removal and to complete the work by August 1.

TWO FALL 425 FEET TO DIE

Cresson, Pa., July 6—Two men repairing the shaft of Mine No. 9 of the Pennsylvania Coal and Coke Company Tuesday, fell 425 feet to instant death. The victims, Morris Posi and Vesti Pelesi, were precipitated down the shaft when a platform collapsed. Their bodies were crushed. Melesi's wife is on the way from Italy and is expected to arrive here Friday.

STATISTICS ON OATS

Information gathered by the Bureau of Statistics of the Pennsylvania Department of Agriculture, on June 1, shows that the area of oats sown in the state this spring is about the same as last. The figures show there were 99 per cent of the amount sown last year in the county planted this season. It is estimated 11,874 acres in the county are in oats.

SUIT FOLLOWS CRASH

Carlisle, July 6—Isaac W. Witmer, residing in the lower end of Cumberland county, has filed suit against Harry M. Cohen, owner, and John B. Cohen, agent, trading as the New Cumberland Motor Company to recover more than \$5,000 it is alleged in the statement of the plaintiff that he purchased a Ford car from the defendants for \$510 and that, April 17, 1922, while the plaintiff was in possession of the car in Lemoyne, a car of defendants ran into it, throwing it on a pavement. In the accident the plaintiff sustained injuries to his chest and shoulders, and two ribs were broken. It is further alleged that the defendants took the car from the plaintiff together with \$25 worth of tools, blankets and tires, which were in the car. Total damages amounting to \$5435.78 are claimed.

C. E. WORKERS TO MEET AT READING

County Organization Plans to Send Large Delegation to Convention.

The Adams County Christian Endeavor Union is making plans to send a large delegation to the Reading convention July 11 to 14. Miss Mazie Krout, of Gettysburg, will represent the county organization and will go to Reading Tuesday to attend a business session.

Eight delegates from societies throughout the county have expressed their intention of attending the convention. Five of these are from the St. James Society of Gettysburg; Senior Department, Miss Emile Scharf, Miss Margaret Williams, Miss Louetta Sharrrets. Intermediate Department, Miss Evelyn Thomas, Miss Miriam Thomas and Clayton Hartman. Miss Hanna Ulrich will represent the Biglerville Lutheran Society, Robert Wright and Mrs. T. S. Wright, the Asper's Lutheran Society and S. W. Frost will register from the Arendtsville Lutheran Society. Others plan to drive down for a single day to attend the convention. Among these are Roy Diem, Ernest Bushman, Roy Heckenluber, and Miss Katherine Carey, of Arendtsville.

An excellent program has been planned with prominent speakers. A few of those on the program are: Honorable Calvin Coolidge, vice president of the United States; Dr. Francis E. Clark, president of the United Society of Christian Endeavor; A. J. Shurtle, treasurer of the United Society; Clarence Hamilton, circulation manager, Christian Endeavor World, S. B. Vandersall, alumni superintendent; Dr. Floyd W. Tomkins, quiet hour leader. Homer Rodeheaver, Billy Sunday's song leader, will lead the music. Other special features are a morning sunrise quiet hour on top of Mt. Penn. A special junior pageant, a Christian Endeavor parade in which each county delegation will wear a special costume and carry banners, will be staged.

If you have ever had anything to do with a retail store you know a few weeks of heavy selling will deplete certain stocks—you re-order if you can—if you can't re-order, the wise merchant disposes of all the broken lines on any basis he can. That's what has happened here.

We've taken all the suits we have from broken lots and we've put them in three groups. There are hundreds of them in the newest and best styles; sizes for every man; the prices are way below what they should be. It's a windfall you need clothes. It's a chance to get that extra suit, too.

Palm Beach, Mohair, Gabradine and Zefirette--cool summer suits reduced right in season

These Attractive Silk Dresses Are Wonderful Values at

\$10.75 \$13.50 \$16.75

Perfectly adorable new dresses, drawing upon the beauty of plain Crepe de Chines, Canton Crepes, Roshanara Crepes, Georgettes, Crepe Knits, Taffetas and striking combinations, for their unusual rich appearance. New shades in profusion, and ever so many new trimming effects.

Boys' All-Wool Suits Suitable For Summer and Fall Wear 1-4 off

Just think you save \$2.50 on every \$10 suit that you buy during this Harvest Sale; and the original prices represented the very lowest for such quality suits. All we ask is that you look at these suits and judge for yourself the exceptional values these reductions represent. In worsteds, pin stripes, serges, herring bones and tweeds sizes 4 to 19 yrs.

Ladies' Fancy Leather Handbags 1-5 off

Every woman likes to jaunt forth with the latest style handbag on her arm. There's something attractive and alluring about these handbags. You will especially like the four leaf clover bags.

Discontinued Styles Warner Corsets \$2.25

These corsets formerly sold for \$3.50 and are worth investigating for you may find amongst them just the corset you have been wearing; and this will be the last chance you will have of ever buying them.

Beautiful Gingham and Voile Dresses \$3.00

This is an assortment of dresses in broken lots that we have specially priced for quick disposal. The patterns are lovely and the styles are of this year. You couldn't buy the material alone at the above price.

Ladies' and Children's Bathing Suits 1-4 off

This is the time of the year when bathing is at its height and this is the time to buy at the above reduction. Many fancy fast color worsted suits to choose from, with or without the skirt effect.

Fast Color Bungalow Aprons 90c

Fresh and crisp, they have bounded into Cook's, with new refreshing ways of appealing to the housewife who wants to be cool while she pursues her morning tasks—and pretty as a picture.

Conservative Styles Serge Skirts \$3

In this special assortment you will find many styles, while plain are dressy and are most suitable for those who so dislike the extreme fancy ones.

Boys' Summer Wash Suits 1.50 \$2 \$3

Jack Horner and Jack Tar washsuits for little "Sammie" that are so cool these warm days. Excellent quality of material and good workmanship. Sizes 2 to 10 yrs.

Reductions on Dove Lingerie 10 per cent

Cool and dainty glove silk lingerie that milady prides herself so much in wearing. Faultless styles and tailoring make Dove undergarments outwear two ordinary garments.

Lovely Canton Crepe Capes \$19

These capes at the beginning of the season sold for \$25 so this Harvest Sale price should be very inducive as well as economical. In black only with fringed effects.

Boys' Kaynee Shirts Reduced 10 per cent

Wise mothers will lay in a supply of these dependable shirts and blouses for summer and school wear. The patterns were never finer and the colors were never more fast.

Ladies' New Silk Sweaters \$7.50

Every woman will want one of these lovely sweaters when they see them. They are so light and comfortable especially in the evening, and so very attractive. In solid or combination colors of brown, buff, navy, black, jockey red, green and blue. All sizes of course.

CALLS SHOOTING BAD NIGHTMARE

Mrs. Hirsh Pleads Not Guilty of Wounding Her Husband.

Mineola, N. Y., July 6.—Mrs. Hazel Hirsh pleaded not guilty yesterday to an indictment charging her with shooting and wounding her husband, Oscar Hirsh, near their home at Freeport recently following a party at the residence of Miss Rene Davies, actress. Her counsel said that Hirsh was recovering and was granted a request that bail be reduced from \$25,000 to \$10,000. The indictment charged both first and second degree assault.

"The whole affair seems like such a terrible nightmare that it is hard for me to concentrate my mind on the fact that I am charged with shooting my husband in an attempt to kill him," Mrs. Hirsh said in a statement to the press.

"My husband and I have been pals, besides husband and wife, for the past eight years, and I would lay down my life rather than harm a hair of his head. This awful charge so shocked me that I cannot seem to grasp the situation. My husband has explained that he was shot while I was trying to save him from injuring himself. I suppose the matter will have to go to trial, and our innermost life revealed to the public. I am sure that such a revelation will prove conclusively to the world that I had no motive whatsoever for hurting my husband."

"The closest investigation will show that we were as happy as two human beings could be until this terrible nightmare arrived. I am happy that my husband is improving so much, and beg the public to suspend judgment until the facts are revealed at the trial."

MOTHER'S SUNSET
Composed in memory of our mother, Mrs. Amos Bittinger, who answered the "clear call" as the sun was nearing the horizon July 6, 1921.

Just at sunset, thou didst leave us,
Fitting time thy life to close,
And with the dying beams to sink
Into a long, profound repose.

Off didst thou, with other Marthas,
Find, from work and care, release
At the holy hour that crowneth
Days of toil with rest and peace.

E'en at life's close, the setting sun
Brought the hour that stilled thy breast,
"Thy day is done," the Master whispered,
"Toiler, fold thy hands and rest."

Dark the night of sadness settled;
But a ray from yonder Throne
Fell upon the page that saith,
Love hath taken but His own.

Memory holds thy face before us,
Still we feel thy loving hand,
And thy presence seemeth with us,
Though thou'rt in the spirit land.

Scattered by thy hand, love's largess
Still our lonely path doth cheer:
At every turn, a mother's forethought
Makes the way less dark and drear.

Tender tones, last heard at sunset,
Sunset's holy hush restores,
Eve's slanting beam, the soul-path seems,
That led thee to the Father's doors.

Treasured smiles our clouds still brighten
Like the sun's deep afterglow,
Promising a bright tomorrow
When again thy face we'll know.

Where, in eyes or skies, the gleam ne'er dies,
In a land of light supernal,
Where no hands grow cold as the day grows old,
For there shines the Son Eternal.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System within Twenty-four Hours.

Every Druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

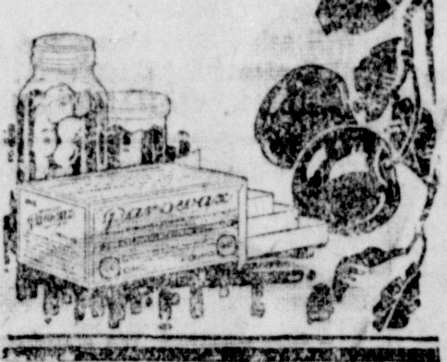

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Peoples Drug Store can supply you.

Parowax

HOME-MADE preserves are best. Insure their keeping with Parowax—highest quality paraffine refined to absolute purity. Harmless, and clean as the food you eat. Simply melt it and pour over jellies and jams; dip fruit jars into it. Parowax keeps the air out and the goodness in.

Be sure you get Parowax, and you'll be sure of best results. Four large cakes, in dust-proof package, cost little. At your grocer's.

Sherrystown, delivering the response. Entertainment for the firemen was furnished by the Rev. Ralph Baker, who gave a character sketch and sang a vocal solo; and Professor C. A. Deardorff, of Kansas, a native of Adams county, who delivered an instructive talk to the delegates present.

During the evening M. F. Stoner was elected Adams county's representative to the State convention to be held in Harrisburg in October. A collection of \$22.43 was lifted among the delegates and turned over to the Fairfield Fire company to help defray the expenses incurred in the purchase of their new fire fighting apparatus. With all bills paid and each fire company meeting its per capita tax, the treasurer reported a balance amounting to \$140.

Mount Rock was selected as the next place at which the quarterly meeting of the association will be held on the first Monday in October.

(Medical Advertising) An Easy Way For Thin People to Put on Flesh and Gain Weight

Strong, Straightforward Advice to Thin, Underdeveloped Men and Women.

If you are thin, scrawny and undeveloped, if your face is peaked and your cheeks and neck exhibit unsightly hollows it's almost certain that your nervous system is at the bottom of the trouble. You can eat three, yes four, substantial, fat producing meals a day but as long as your stomach has an insufficient supply of nerve force this food you eat will pass out of the body with little if any benefit.

In order to assimilate properly the nourishing food you eat and convert it into healthy tissue and fat the nerves that control the process of digestion and assimilation must be put in first-class shape and until that is done you might just as well quit trying to put on flesh. Your system is starving for something that will turn the food you eat into healthy stay-there flesh and it can only be done in one way—by correcting faulty nervous digestion.

Thin, nervous, run-down people, however, with impoverished blood and half starved looks are hailing with delight a quick and certain maker of solid flesh call EVANS' TRIPLE PHOSPHATES that is unequalled for repairing digestion and correcting nervous digestive troubles. In fact, the makers of Evans' Triple Phosphates guarantee that one month's treatment will increase your weight by several pounds and within ten days make you feel like a new being, full of ambition, vigor and a desire to accomplish things. Peoples Drug Store and leading druggists everywhere have agreed to supply Evans' Triple Phosphates and guarantee it to do just what is claimed for it or money refunded.

Caution: While Evans' Triple Phosphates accomplishes wonders in nervous digestive troubles and as a general nerve tonic, it should not be taken by anyone who objects to a few additional pounds of solid stay-there flesh.

FIRST WARD SHUTS OUT SCHOOL BOYS

Woodward Pitched Perfect Ball And Did Not Allow One Bingle. High Lost in Fourth.

The First Ward ball club strengthened their hold on the league leadership Wednesday by administering a 4-0 shut-out to the High School club, before a fair-sized crowd. The game was quite fast and the pitching of "Whitey" Woodward featured the contest, as he left the High School Varsity down without one safe blow, while his team-mates batted over four counters with five hits.

Trouble started for Ogden, who did mound duty for the High boys, in the initial inning, after Oyler had fanned, Deardorff drove out a fast single, but Ogden tightened up and got the two next batters in fine style. The next inning, after walking two men, Ogden again retired the side without a run being scored.

The blowup came in the fourth session when Phil led off with a long two bagger. Woodward followed with a fly to Markley, H. Armor drew a pass and Weiser fanned. Brady Armor was hit on the right shoulder by a pitched ball, which the High School players declared he had struck at and therefore contested the umpire's decision in allowing him a base. This argument seemed to destroy the morale of the youngsters and Lawrence Oyler, who followed, singled, and in the toss around which followed, three runners crossed the rubber. Deardorff went out on strikes.

The fourth run was made in the final frame when R. Oyler got on base through an error and advanced on Ross' bingle, scoring later while Ross pilfered second and third. Phil fanned and Woodward lifted a fly to Bream. As darkness fell over the ball ground, Woodward's fast ones became invisible to the School lads and the last five batters to face him were retired by the strikeout route.

A fair sized crowd was present at this game, the first this week on account of the Marines being encamped here.

Woodward seems to be the best pitcher in the Twilight League—he had 'em all guessing.
"How can we score when no one hits?" says Captain Bream.
"Too much Oyler." Again the family name was upheld by Lawrence, who swings a nasty club.

First Ward has taken a mortgage on the upper berth, with five games tucked away in the win column.
Bream's club was peeved by Bob Bell's decision on that fast one which caught Brady Armor on the right shoulder. Boss Reynolds was sadly missed at this crucial moment.
Eddie Plank's rooters on the right garden stand had them all going in turn. No one was exempted from the "cross fire."

The base lines were freshly marked with lime, so that no arguments arose over the foul ball decisions.
The diamond was fast after being washed off by the recent rains. Few infield balls were hit, however.

BRYSON BEFORE COURT

Huntingdon, July 6—Dr. Herbert Bryson, Huntingdon physician, accused of shooting Mrs. Helen Irene Haines, at Cassville, on the night of April 8, was called for a hearing yesterday on habeas corpus proceedings begun by his attorneys, William Wallace Chisolm and Harry W. Petrikin. The trial began before Judge Thomas S. Bailey.

Supported on the arm of her daughter, the prosiner's mother, Mrs. J. H. Bryson, of Washington, entered the court room. She arrived yesterday morning with her daughter, Mrs. Laura Randall, also of Washington.

District Attorney Chester D. Fetterhoff during the trial produced the ante-mortem statement of James Corbin, of Moore street, chief witness, who retold the court the statement of the wounded woman on the night of the murder.

Suppose the man who committed 350 burglaries for his wife had been this man with 13 wives?

I have learned that rubbing does not work. The trouble is in the blood, and

YOU CAN'T RUB IT OUT
with liniments. I suffered with rheumatism in arm, shoulder and back for years. I guess I used enough liniment to flood a cellar. It did me no permanent good. Then my druggists, Vars Brothers, told me to use

SANALT

The Sensible Tonic
to drive the poison out of my blood. Three bottles of SANALT did me more good than all the gallons of rubbing stuff I had used. In fact, that sensible tonic SANALT has cured me of rheumatism. I'm a fireman of West-erly, R. I. Lived here 22 years.

TO DISCUSS MARKETING

Important Meeting of Growers Will be That in Washington Next Week. Railroads to Co-operate.

Last year, with adverse conditions and a light crop in the East, Pennsylvania received 12% of its carlot apple supplies, or 930 cars, from the Middle Atlantic States comprised of Pennsylvania, Delaware, Maryland, Virginia and West Virginia. Seventy five per cent of its carlot receipts or 5670 cars, originated in New York, Maine and Washington; New York shipments into this state were 3135 cars, Maine 389 and Washington 2146 cars. This year, with about a normal apple crop in this part of the country, the growers in Pennsylvania and adjacent states will be vitally interested in crop conditions, prospects, and transportation facilities.

Because of certain damage by frost this spring, there is considerable variation in yields expected, and therefore great need for specific information as to the real conditions at the present time. In order to secure this information, the marketing officials of the Middle Atlantic States have joined with the U. S. Bureau of Markets and Crop Estimates in calling a meeting of fruit growers, transportation officials, dealers and other interested parties at Washington, D. C., on July 11. At this one day meeting it is planned to exchange information and plans to facilitate crop movement in Pennsylvania, Delaware, Maryland, Virginia and West Virginia.

Official estimates of conditions in each state will be given, in addition to general information covering the prospects in the important producing sections of the country. A representative grower from each state will give a short talk on conditions in his state. Each of the important railroads in the territory will report on conditions along its lines.
The subject of car supply and transportation for the crop of the coming season will also be discussed. Methods used in certain sections to secure maximum co-operation between shippers and transportation companies in the handling of the crop will be outlined. It is expected that each of the trunk line railroads passing through fruit sections will have a representative explain their plans and service for the coming season.
Great thing about the new trackless street cars is they can dodge autos.
